Shipping

+ \$20/box fee, which includes the Styrofoam insulated container, cardboard shipping box, and ice packs to keep the product cold during transit. All products are vacuum-sealed and frozen prior to shipping. Ice packs are used to maintain appropriate temperatures during transit, eliminating the need for dry ice when transit time is 3 days or less.

+ Cost of freight is determined by FedEx/UPS, which is dependent on weight and distance. You can get a quote from their website if you need a better idea of what price to expect.

All prices subject to change without notice.
